Drama

The St. John School Drama Club performs three productions each year. Grades 5-8 in the fall and winter and Grades 3-4 in the spring. Shows are chosen by the drama director with input from the students. **Productions are audition based and all final casting decisions are made by the creative team. If a student chooses to quit a show, they will not be able to audition for another production until the following academic year.** All performances include costumes, sets, lighting, and sound. There are also stage management and stage crew positions available for each production.
